

Registration Is Booming!

We have signed up 182 riders so far! Pretty amazing, and most of them are returning riders. We have a small group of new folks signed up and I expect that number will grow as April 1st approaches.

A reminder, tee shirts are available during registration if desired. I put samples of the expected color and design on the registration page (and below in this email, too). What if you decide after registering that you would like a tee? No problem, I have added an order form in the store page. Look under the "Rider Resources" menu. Click the button at the bottom of the page to go there.

What's your spoiler for this message? The flag color will closely match the tee color...
LOL!

OK, how about one of the BC locations? Our BC sponsor really knows his stuff up there. Anyone who visited last year's locations in BC was treated to a glorious abundance of great motorcycle riding! I begged him to pick a spot on Vancouver Island this year. "Please!", I said. I need an excuse to finally break the spell and make my way up there.

GT31 will be Strathcona Dam Road on BC-28. It is a bit of a compromise since the dam is down a dirt road. We plan to offer the dam (and dirt road) as a bonus with the paved alternate being the junction of the road and highway. Our ADV crowd loves some dirt, so here you go!

N49.97072, W125.56963

I am told that only a fool wouldn't follow highway 28 all the way to Gold River. I'm no fool so count me in!

I am hoping to get the destination guide smoothed and posted up before the end of

January. I have a few work and life commitments before then or I would have it done earlier.

I Still Need To Register!

Tee Shirt Orders

If you decided you want a tee after registration, here's your chance. Use the button to access the PNWGT Store page and put in your order. We will ship the tee shirts with your rally flags in March. Here's my planned timeline so you guys know what to expect:

February 28th - last day for tee orders (both individually and via registration)

March 1st - tee order submitted to manufacturer. Also, flag order finalized with printing company.

March 15th - tee shirts and flags received. Package them and ship them to support start of rally on April 1st.

I Want A Tee Shirt!
